

# Don't Let Me Dance Alone

The Saturdays

I didn't put this dress on for you to take it off

It took me thirty minutes just to pick out this dress

Another half an hour to clean up the mess

Another twenty minutes just to do my make up and you won't wake up and dance  
with me

What's really going on?

Why you so afraid

When I'm pretty sure you can take it

Enjoy what you see

'Cause you won't be seeing me naked

I didn't put this dress on for you to take it off

But since you're with me right now

Only got one night, only live one life

So don't let this moment slip away

There's a million lights and they shine so bright I would die if you walked  
away

Don't let me dance alone

I wanna dance with somebody

Don't let me dance alone

I wanna dance with somebody

Don't let me dance alone

I wanna dance with somebody

Don't let me dance alone

It took you twenty minutes just to come and say hi

How can you get a yes if, if you don't give it a try

I came here with my girls

I'm not leaving without them, so you got me for one song

Let's get it on

No money for a drink

Cause I spent it all on my dress

These bloody heels are killing me

But they're the best

I didn't put this dress on for you to take it off

But since you're with me right now

Only got one night, only live one life

So don't let this moment slip away

There's a million lights and they shine so bright I would die if you walked  
away

Don't let me dance alone

I wanna dance with somebody

Don't let me dance alone

I wanna dance with somebody

Don't let me dance alone

I wanna dance with somebody

Don't let me dance alone

Something 'bout the music got me feeling like I'm ready to blow

Don't leave me alone

Don't let me dance alone

Something 'bout the music got me feeling like I'm ready to blow  
Don't leave me alone  
Don't let me dance alone  
Don't let me dance alone  
Don't let me dance alone oh  
I didn't put this dress on for you to take it off  
But since you're with me right now

Only got one night, only live one life  
So don't let this moment slip away  
There's a million lights and they shine so bright I would die if you walked  
away

Don't let me dance alone  
I wanna dance with somebody  
Don't let me dance alone  
I wanna dance with somebody  
Don't let me dance alone  
I wanna dance with somebody  
Don't let me dance alone

Don't let me dance alone
