

# Walking Through the Desert

The Saturdays

Don't think that I forgot  
I remember everything that we did  
That we used to do

On a rooftop in Miami  
Carved our names against the wall  
Loved you underneath the stars  
And we almost got caught

Oh, I never believed  
I could ever let you go  
I, I could ever let you go  
Oh, I never dreamed  
I'd feel weaker than ever  
I'm lost, so walking through the desert at night

Night, night, night  
I feel weaker than ever  
I'm lost, so walking through the desert at night  
Ooh ooh, ooh ooh, ooh ooh, ooh ooh  
I feel weaker than ever  
I'm lost, so walking through the desert at night

Oh, no, no, no  
Something about this time of year  
Makes me wanna hold you close  
I wish that was possible  
I thought I saw you in the street  
Looking right at me  
Oh, delusional

Oh, I never believed  
I could ever let you go  
I, I could ever let you go

Oh, I never dreamed  
I'd feel weaker than ever  
I'm lost, so walking through the desert at night

Night, night, night  
I feel weaker than ever  
I'm lost, so walking through the desert at night  
Ooh ooh, ooh ooh, ooh ooh, ooh ooh  
I feel weaker than ever  
I'm lost, so walking through the desert at night

Do you ever think?  
Do you ever think?  
Do you ever,  
Do you ever think of me?

Do you ever think?  
Do you ever think?  
Do you ever,  
Do you ever think of me?

Night, night, night

I feel weaker than ever  
I'm lost, so walking through the desert at night  
Ooh ooh, ooh ooh, ooh ooh, ooh ooh  
I feel weaker than ever  
I'm lost, so walking through the desert at night
