

I'll Say Goodnight

The Saw Doctors

I'll say goodnight
I'll see you in the morning
i'll say goodnight
i'll see you when i wake

the sun is shining
way over there
come the morning
be shining here

i'll say goodnight
i'll see you in the morning
i'll say goodnight
i'll see you when i wake

all we could
we've done today
for tomorrow
dream away

i'll say goodnight
i'll see you in the morning
i'll say goodnight
i'll see you when i wake

nothing precious
only time
hours and hours
yours and mine

i'll say goodnight.....
