

Keep On Drivin'

The Scabs

I got my coffee and I got my coat
I turn the keys and I hit the road
It looks like rain and it's freezin' cold
Feels like headin' for the twilight zone
So keep on drivin'
Like I want to reach the moon
Keep on drivin'
In my tin cocoon
I hope I'll be home soon
I called you up just to hear your voice
Your lovin' words filled my heart with joy
I miss your touch and I miss the boys
Wish I was home but I got no choice
Gotta keep on drivin'
Like I want to reach the moon
Keep on drivin'
In my tin cocoon
I hope I'll be home soon
There's a flash and i'm in a spin
I heard a crash don't recall a thing
I see a face with a perfect skin
Saying I checked out, now I'm checkin' in
But I keep on drivin'
Like I want to reach the moon
Keep on drivin'
In my tin cocoon
I hope I'll be home soon
Into the void I glide
An angel by my side

Keep on drivin' (4x)

Someone cryin' at my tomb

Someone howlin' at the moon

Keep on drivin' in my tin cocoon

Keep on drivin' gonna be home soon

Keep on drivin' (4x)
