

Tell Me About It

The Scabs

There was a time when I loved you
There was a time you loved me too
There was a time we were both feeling good
Now I don't know what to do
You're letting me go and that is new
Maybe you know what I've been going through
Always been by your side
It's always been you and I
Always been till the day we die
Tell me about it honey
Tell me if you can
I been really worried
But I would understand
Tell me about it baby
Tell me if you can
I'd be really crazy
To let you go again

Once in a while I feel like this
Once in a while it's in your kiss
Once in a while I can feel what I miss
So why don't you try to say it loud
Why don't you try to shout it out
Why don't you try telling me all your doubts
Always been by your side
It's always been you and I
Always been till the day we die
Tell me about it honey
Tell me if you can
I been really worried
But I would understand
Tell me about it baby
Tell me if you can
I'd be really crazy
To let you go again.... and again
Tell me about it...
Tell me about it again
