

Time

The Scabs

You got me barkin' at your front door
you got me runnin' wild like a little child
you made me crazy, you made me creep
humiliate me, way down deep
you make me cry, you make me sigh
you even make me wonder why
I'd fall for you baby
I 'll cling to you, I 'll never give up, never give up
Time baby, gimme time
I'm running wild running out of time
Come on, don't tease me any longer
let me know if you think it's love
oh I know, I let it show
relaese your love and let it grow
you should be told it doesn't hurt
to show your feelings, to hugh and to flirt
say it baby, say what's on your lips
I've had enough of you playin' tricks
