

i wanna be the moon

the scary jokes

"Fear is the emotional response to love, and these seem to be the emotions with which we start life."

I wanna be the moon
I wanna be the moon
I wanna be the moon
I wanna be the moon

In the dead of night I'll shine my light
So you know everything's gonna be all right
I wanna be, I wanna be the moon

I like to be alone
I like to be alone
I like to be alone
I like to be alone

It's scary to see you falling for me
I wish that I could be
I wanna be, I wanna be the moon

'Cause I like you
I, I like you
I really do
I, I like you

But all of your love
Your kisses and hugs
Don't fix what's bugging me
So I wanna be, I wanna be
The moon

And when you're feeling blue
I'll shine my light on you
I wanna be, I wanna be the moon

'Cause I like you
I, I like you
I really do
I, I like you

And I can't make you cry
From way up in the sky
And that's the reason why
I wanna be, I wanna be the moon
