

# Catching Fire

## The Score

My heart is made of wax  
Just like these wings I've fixed  
I strapped them to my back  
Doomed from the start of it  
You're the sun in my sky  
Can't seem to reach you still  
I keep on flying high  
Knowing it's probably gonna,

Kill me, kill me  
I don't care because you  
Thrill me, thrill me  
Take me for a ride  
Spill me, spill me, yeah  
I'm crashing down, down, down

'Cause I am always aiming too high  
Starring too long makes you blind  
You got my wings catching  
You got my wings catching  
You got my wings catching fire

I am always aiming too high  
I'm crashing down, I see why  
You got my wings catching  
You got my wings catching  
You got my wings catching fire

I see your silhouette  
As I am burning down  
A halo made of fire  
You're wearing like a crown  
There's a parade of smoke  
Choke on it like a pill  
This love might break my bones  
Yeah, it's probably gonna

Kill me, kill me  
I don't care because you  
Thrill me, thrill me  
Take me for a ride  
Spill me, spill me  
Yeah, I'm crashing down, down, down

'Cause I am always aiming too high  
Starring too long makes you blind
