## The Score

They ain't takin' over, over  
They ain't takin' over-ver

Lost track of the times  
When I felt the pain  
But every time that I reached for the sky  
I felt a rush of blood in my veins  
And the wheels turned inside my brain  
They ain't takin' over, over  
I'm fighting the lows  
That creep in my mind  
I try to remember that life is a ride  
Down one minute next one you're high  
Like a wave crashing into the night  
They ain't takin' over

I know I've been here before  
I'm not going down in this storm  
So long, farewell to my darkest days

Listen to me now as I wash away my fears  
They ain't taking over  
They ain't taking over  
They ain't taking over me  
Lock away my demons, demons  
Chains off, and now I'm dreaming  
Wash away my tears  
They ain't taking over  
They ain't taking over  
They ain't taking over me  
Lock away my demons, demons  
Chains off, and now I'm dreaming

I'm out of the box  
Don't fit in a lane  
There's too many people to count in a day  
Who doubt me every step of the way  
I'm so tired of the shit that they say  
They ain't takin' over, over  
I do this for me  
Not ever for them  
I'll never be sorry, won't ever pretend  
'Cause every word I write is the truth  
Can you say the same thing about you?  
They ain't takin' over

I know I've been here before  
I'm not going down in this storm  
So long, farewell to my darkest days

Listen to me now as I wash away my fears  
They ain't taking over  
They ain't taking over  
They ain't taking over me  
Lock away my demons, demons  
Chains off, and now I'm dreaming  
Wash away my tears

They ain't taking over  
They ain't taking over  
They ain't taking over me  
Lock away my demons, demons  
Chains off, and now I'm dreaming

Uh, beartrap  
Don't act like you know me, you don't even know my real name  
All I want's serenity, all you want is fortune and fame  
And the code to the gate, which I don't even like to give away  
'Cause I've been goin' through some shit I never thought I would  
I stay in the hills, I don't even go to Hollywood  
Toxic people in my life, man, I probably should  
Cut 'em all off, better off if they was gone for good  
(Gone for good)  
As I wash away-

As I wash away my fears  
They ain't taking over  
They ain't taking over  
They ain't taking over me  
Lock away my demons, demons  
Chains off, and now I'm dreaming  
Wash away my tears  
They ain't taking over  
They ain't taking over  
They ain't taking over me  
Lock away my demons, demons  
Chains off, and now I'm dreaming

Ooh, locked away my demons  
Ooh, chains off and now I'm dreamin'
