

## In The Dark

### The Score

Take this load off my back  
I feel my bones about to crack  
My heart is just so heavy  
Full of all the words I couldn't say

Faith is all I have to hold  
It won't, won't warm me when I'm cold  
At night, it makes me wonder  
Could lightning ever live without the thunder?

Then all I see is you and me  
Caught in between this storm  
These raging winds are shaking me  
Darling, when it rains, it pours  
Will you call my name in the dark?  
Will you call my name in the dark?

Dreams are where I can escape  
To see the sun light up your face  
I get lost inside of your eyes  
As long as I don't have to open mine

Oh, then all I see is you and me  
Caught in between this storm  
These raging winds are shaking me  
Darling, when it rains, it pours  
But will you call my name in the dark?  
Will you call my name in the dark?

Wonder where you are tonight  
And I feel alone, I've been out tired  
I can't stop my heart from missing you, oh  
When my cards are now, unclear me  
Lost without you lying near me  
I can't stop my heart from wanting you

But all I see is you and me  
Caught in between this storm  
These raging winds are shaking me  
Darling, when it rains, it pours

Oh, all I see is you and me  
Caught in between this storm  
These raging winds are shaking me  
Darling, when it rains, it pours  
But will you call my name in the dark?  
'Cause I still call your name in the dark  
In the dark, in the dark
