I can see it all in visions
Like it's something from a dream
All the strength that I could ever need
Was always burning inside of me

Breathe into me fire and light
Like a spark make me ignite
Breathe into me, give me life
Show me what it feels like

Gimme that power

Gimme that gold
Gimme that freedom
Gimme that soul
Can you hear it rumble?
Can you hear it roar?
Gimme that lightning
I want more
Gimme that
Power
Power

Come and move me like a mountain
Feel it lift me like a wave
Like a flash coming down from above
Yeah, there's no putting out the flame

Breathe into me fire and light Like a spark make me ignite Breathe into me give me life Show me what it feels like

Gimme that power
Gimme that gold
Gimme that freedom
Gimme that soul
Can you hear it rumble?
Can you hear it roar?
Gimme that lightning
I want more
Gimme that

Hey
I'm ready for this, I'm ready for this
