

Come Down

The Screaming Jets

You take the cake & eat it too
I just want everything for you
I work all day you while away your precious time
There's no defence, there is no crime
It's just a flight of fantasy for you
Never let the by-gones be
I can't go back and that's just that you're stuck in time
There's no evidence, there is no crime

Why don't you come down?
You never know what it's like
You'll never know what it's like

To be the one to turn the key like me
You left me drowning in the sea
I try to run it's like a maze, a pantomime
Like some dissident locked away in time

So why don't you come round?
You never know what is right
You never know what it's like

So why don't you come down?
You never know what is right
You never know what it's like for me

Getting lost and going nowhere the day begins again
When the quick is slow it never ends

You take the cake & eat it too
I don't need anything from you

So why don't you come down?
So why don't you come around?
Why don't you come down?
You never know what is right
You never know what it's like
You'll never know what it's like for me
