

Falls in Place

The Screaming Jets

Time to stand for something, it's time to breach the wall
As long as I'm still standing, (I'll) try to catch you if you fall
I know my life was meant for living, I make no time for woe
I hope we're gonna be forgiven for not trying just a little more

What you want you can't have
What you want you just can't have
When your dreams are dreams, you work in desperate sleeps
Whoa, so let today...

Fall down in place
Fall down in place
Let it fall down in place
Let it all fall

Just a little more
And just a little more

It's time to stand for something, it's time to break down the wall
I tell you now: as long as I'm, as long as I'm still standing (standing)
Well, I'm gonna try to catch you if you fall

What you want you can't have
Well, your dreams are dreams...
Whoa, so let today...

Fall down in place
Let it fall down in place
Let it fall down in place
Fall down in place
Fall down in place
