

# I Need Your Love

The Screaming Jets

I, I need your love, I, I need your love

Every single day is such a struggle without you  
I, I need your love

Away for an hour and I can't get over you  
I don't have the power to distract my thoughts from you

I, I miss your love, I, I miss your love

Every single day I keep fallin' apart  
I, I miss your love

Draggin' my heart around that's what I have to do  
'Cause I don't find find a cure until I'm back at home with you  
I, I need a drug, I-I-I-I-I, I need a drug

On every other day the world falls apart  
I, I need a drug  
I need your love

I, I need your love, yes and I-I-I-I-I, I miss your love  
I, I need your love, I, I need your love

Every single day in a thousand different ways  
Don't you know, I need, I need, I need your love  
Well, I need your love  
Yes, I miss your love  
I need your love!
