

## Lying with her

The Screaming Jets

Lying with her, thinkin' 'bout you  
Jet black hair and an angel tattoo  
Not the thing that a good man should do  
Lying with her, thinkin' 'bout you

Wrapped in her arms, cold embrace  
I close my eyes I still see your face  
Broke another promise, another heart too  
Lying with her, thinkin' 'bout you

Lying with her, thinkin' 'bout you

The morning comes, the hurt does too  
I'm coming home with a lie for you  
Would you believe my love it's true  
Lying with her, thinkin' 'bout you

Lying with her, thinkin' 'bout you

Driving the road that hides my sins  
It's a temptation game, nobody wins  
It's dark and it's raining, tangled in blue  
Lying with her and I'm thinkin' 'bout you

Hole in my head, hole in her heart  
I lost it again, please take me back to the start  
The lovin', the losin', it ain't nothing new  
I'm lying with her, thinkin' 'bout you

Lying with her, thinkin' 'bout you

The tunnel, it's long, to its fate I'm resigned  
Though I still see the light I know I am blind  
Twisted and tortured and turning the screw  
Lying with her, thinkin' 'bout you

Lying with her, thinkin' 'bout you
