

No Way Out

The Screaming Jets

I've had a lot of people lie to me and look me in the face
Know every man, woman, child and place, don't you think it's time,
me, I've learned

Trapped inside this folk, where nobody's got a clue
Well, I think I'm getting off this sinking ship of fools

Do you ever feel like blowing it all away
You couldn't if you try, no way out, no way out

Trapped inside this box with shrinking painted faces
Malice in Wonderland making the rules, well, I think it's time,
I left

Which way to turn, if not running out the door, no decision, straight ahead
I don't believe that there's no way out
Oh no, there's no way out

Do you ever feel just like blowing it all away
Well you know, you couldn't if you try, no way out
There's no, there's no way out

Well, there's no way out
There's no way
