

Rocket Man

The Screaming Jets

R.O.C.K.E.T. - Rocket man, yeah yeah yeah

R.O.C.K.E.T. - Rocket man

He wasn't raised in a home like ours, he was out on the road, only having one fail, he was...

Half a man and the other half soul, he was sent from above to achieve a goal

And he burned white holes all through me

Sitting and sending his soul from him to me

He'll make your head spin around and around, lift your two feet off the ground

Rocket man, he burned inside us, and we don't fire

The rocket man, he burned inside us, and we don't fight him, now what else can we do

Tell me what I gotta do, yeah

My rocket man and me, we go all in places that I wanna be

Yeah, rocket man, if you could only see, what a guy can be, if he wants to be

He'll make your head spin around and around, he's gonna lift your two feet...

Change your feelings of old. Yes, they changed now, but I'd love to go, baby

Rocket man, he burned inside us, and we don't fire

The rocket man, he burned inside us, and we don't fight him, what else can we do

Rocket man, he burned inside us, and we don't fire

The rocket man, he burned inside us, and we don't fight him, what else can we do

Tell me what I gotta do, yeah, yeah

R.O.C.K.E.T. - Rocket man

R.O.C.K.E.T. - Rocket man

Rocket, rocket, rocket, rocket, rocket...

Said R.O.C.K.E.T. - Rocket man

Rocket man, he burned inside us, and we don't fire

The rocket man, he burned inside us, and we don't fight him, what else can we do

Rocket man, he burned inside us, and we don't fire

The rocket man, he burned inside us, and we don't fight him, what else can we do

Tell me what I gotta do, yeah, yeah
