

Sex and Violence

The Screaming Jets

She's got an hour or two before the sick
The other side of a spoon and pick
There she goes, she watched her back
Every single breath today is a drag
That don't help, she showers and goes
And more on her knees than at her toes
Betrayed by the distance
She's no chance to mend

She's lost in the silence
Got no voice left to shout

Spite her blood on the party dress
Her beautiful face a beautiful mess
No one to blame and no one to call
Bruise on her face, it ain't from a fall
Lost her bet and real life's revenge
She forgets the regret, the regret she forgets
A conspiracy of love leaves her nowhere to hide

She's lost in the silence
Got no voice left to shout
All this sex and violence
Time's 'a' runnin' out

She don't give a fuck, she don't give a fuck
She don't give a fuck, she's broken
Don't give a fuck, she don't give a fuck
She don't give a fuck, she's broken
Oh lord, she's broken

She's lost in the silence
Got no voice left to shout
Too much sex and violence
Time's 'a' runnin' out

She's lost in the silence
So much sex in your violence
Time's 'a' runnin' out

Such a beautiful mess
...
She's broken

She's lost in the silence
Got no voice left to shout
So much sex and violence
Time's 'a' runnin' out

So much sex and violence
Got no voice, it's all worn down
All this sex and violence
Time's 'a' runnin' out
