

Sick And Tired

The Screaming Jets

Sometimes I don't feel so good
Most times I think that I am misunderstood by you and myself
Can't tell if it's night or day
Spend hours in a cigarette haze, I don't care, it's all the same
You see me standing, now watch me fall
'Cause I'm sick of bashing my head
Up against this brick wall

I'm sick and tired
I've had enough
I just can't seem to get off

Said I've been up and I've been down
I've been straight and now I feel like shooting up the town I'm
just coming down
You see me standing, now watch me fall
'Cause I'm sick of bashing my head
Up against this brick wall

I'm sick and tired
I've had enough
I'm sick and tired
I've had enough
I just can't seem to get off

Goin' so slow, I can't make my motor go
Does it show?
That I'm in too deep and it made a monkey outta me!

You see me standing, now watch me fall
Well I'm sick of bashing my head
Up against this brick wall

I'm sick and tired
I've had enough
I'm sick and tired
I've had enough
I just can't seem to get get get off!
