

## The Grip

The Screaming Jets

Hey, hey, hey...

Hand to mouth, day to day, want to live, I live to prey  
And it's always been the same for you and I  
One step back, two steps in, win or lose, I can't give in  
It's always been that way for you and I

I tripped and sinned, you got me tongue-tied and twisted  
Hey, hey, hey  
Hey, baby rhythm, when you're walkin', yay, wanna see you havin'  
' emotions  
Hey baby, won't you look my way, misbehave, you're causin' comm  
otions here  
Hey, hey, hey

No escape, shoot it out, you're the one, there's no fallout  
It's always been the same for you and I  
I say man, we'll not pay, well, we are never gonna change  
It's always been that way for you and I

I tripped and sinned, you got me tongue-tied and twisted  
Hey, hey, hey  
Hey, baby rhythm, when you're walkin', yay, wanna see your warm  
emotions  
Hey baby, won't you look my way, misbehave, you're causin' comm  
otions  
Hey, baby rhythm, when you're talkin', hey baby, do you think t  
hat's a trip  
Hey, baby rhythm, when you're talkin', you got me locked up in  
your grip  
Locked up... you got me locked up... locked up in your grip...
