

Thinking About You

The Screaming Jets

I've been thinkin' 'bout, I've been thinkin' 'bout you
Struggling with the hope to see it through
Givin' it all to charity, making blind men see
I've been thinkin' 'bout, I've been thinkin' 'bout you

How long has it been, since you came to see me?
I bet the same old laundry, but you tell me I've changed it
See, I fly to you forever, but now you need some help
'Cause you can never leave it all up to somebody else

I've been thinkin' 'bout, I've been thinkin' 'bout you
Struggling to learn a trick or two
Givin' it all to charity, you could be wasting all your time
I've been thinkin' 'bout, said I've been thinkin' 'bout you

How long has it been since you believed in me?
Do you think I'm screaming at you for fun? Well, it's not fun
You would stand in line forever, yeah, but the line don't go th
at long
And I'll stand there right in front of you one on one

I've been thinkin' 'bout, said I've been thinkin' 'bout you
Struggling to learn a trick or two
Givin' it all to charity, you could be wasting all your time
I've been thinkin' 'bout, said I've been thinkin' 'bout you

Still thinkin', thinkin'

I saw your picture in the paper last Saturday evening
And you looked like you could be 91
You would stand in line forever, yeah, but the line don't go th
at long
Soon I'll stand there right in front of you one on one
Said I'll be standin' there right in front of you one on one

Well, I've been thinkin' 'bout, said I've been thinkin' 'bout y
ou
Struggling to learn a trick or two, yeah, yeah
But you're so caught up in charity, you could be wasting all yo
ur time
Well, I've been thinkin' 'bout, said I've been thinkin' 'bout y
ou
Well, I've been thinkin' 'bout, I've been thinkin' 'bout you
I've been thinkin' 'bout
I'm so caught up thinkin' 'bout... you, yeah
