

All the Ways

The Secret Sisters

Lonely days and lonely nights
They weigh on a person
They drown out the light
Ever since the garden
We ain't meant to be alone
So come let me claim you
Let me make you my own

Well, if you need, need, need
Someone to love
Oh, let me love, love, love you
All the ways

Don't fight the feeling
Been pulling you in
Allow me to touch you, hold you, baby
Just say when
I can work you like a puzzle
You're the missing piece
Go on and surrender to a tender
Sweet release

Well, if you need, need, need
Someone to love
Oh, let me love, love, love you
All the ways

I know you're scared
But I think that you should
Try to remember that
We're all damaged goods
I know you're worried
You hide behind your walls
Oh trust me, little darlin'
You can let 'em fall

Well, if you need, need, need
Someone to love
Oh, let me love, love, love you
All the ways
