

Hole In Her Stocking

The Sensational Alex Harvey Band

I got drunk last night, I got drunk the night before
Got the blues so bad I can't sing the blues no more
I woke up this morning - a pain going through my head
But I've got a baby that takes the pain away

She loves nobody but me
Sweet as a sweetie can be
She got hole in her stocking and she keeps on rockin' my blues away
She got hole in her stocking and she keeps on rockin' my blues away
She got hole in her stocking and she keeps on rockin' the night away

I love my baby, love my baby, night and day
Shakin' and quakin' if my baby gets far to far away
And I have to write a letter
Come on home baby make me better
She got hole in her stocking and she keeps on rockin' my blues away

She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'

She loves nobody but me
Sweet as a sweetie can be
She got hole in her stocking and she keeps on rockin'

She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'

She loves nobody but me
She sweet as a sweetie can be
She got hole in her stocking and she keeps on rockin'

She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'

She loves nobody but me
She as sweet as a sweetie can be
She got hole in her stocking and she keeps on rockin'

She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'
She got hole in her stocking and she keeps on rockin'

She loves nobody but me
She as sweet as can be
She got hole in her stocking and she keeps on rockin'
