

Jungle Rub Out

The Sensational Alex Harvey Band

There was Sarah Boyle Logan and the kid from Mars
Miss Angelique and the groovy movie stars
He looked like George with his hair that way
He's here tomorrow but gone today

When the sun go down
And the cat sings loud

There goes Molly and she's doing the sunfish roll
The sunfish roll, well bless my soul
There goes Sally and she's hookin' all them hooks
Hookin' all them hooks, it's just the way she looks

When the sun go down
And the cat sings louder

Down in the jungle, doin' the rub out
Down in the jungle, doin' the rub out
Down in the jungle, doin' the rub out
Down in the jungle, doin' the rub out

Frostbite Bill, he was dressed to kill
He was rubbin' out with a guy called Syl
And hard-deaded Sam had a broad so high
A broad so high that they was lookin' so sly

When the sun go down
And the cat sings louder

Down in the jungle, doin' the rub out
Down in the jungle, doin' the rub out
Down in the jungle, doin' the rub out
Down in the jungle, doin' the rub out
