

Long Hair Music

The Sensational Alex Harvey Band

I can't get enough, I can't get enough
I can't get enough, I can't get enough
I can't get enough of that long hair music
I can't get enough of that long hair music

See me waltzin' with Matilda
She showed me how to make a guilder
And Tom Tom givin' me the evil eye
Can't get enough of that cherry pie

Wrap your brains around the sky
Keep on eating that cherry pie

I can't get enough of that long hair music
I can't get enough of that long hair music

I can't get enough of Lonely Lizzie
Ooh, baby baby she's too busy
She hold her hand up to the sky
I can't get enough of that cherry pie

Wrap your brains around the sky
Keep on eating that cherry pie

Eat that cherry pie
Eat that cherry pie
Eat that cherry pie
Eat that cherry pie

I can't get enough, I can't get enough
I can't get enough, I can't get enough
I can't get enough of that long hair music
I can't get enough of that long hair music

I gave my heart to Carmelita
She's so groovy when I eata
She be the apple of mine eye
But I can't get enough of that cherry pie

```
Wrap your brains around the sky
Keep on eating that cherry pie
Wrap your brains around the sky
Keep on eating that cherry pie
```

I can't get enough
I can't get enough of that long hair music
I can't get enough
I can't get enough of that long hair music
I can't get enough, I can't get enough
I can't get enough of that long hair music
I can't get enough, I can't get enough
I can't get enough of that long hair music
I can't get enough, I can't get enough
I can't get enough of that long hair music
I can't get enough, I can't get enough

I can't get enough of that long hair music
I can't get enough, I can't get enough
I can't get enough of that long hair music

I can't get enough
I can't get enough
