

Liquefy

The Servant

One autumn, you once said to me :
" There's too much stuff around "
The bus groaned along, you put your hand upon
the window, the town
And I thought
You look just fine to me (3x)

Chorus
Shall we liquefy
Oh you and I
And mingle in the stream ?
Shall we liquefy,
Oh you and I
And vanish into the sea ?

Still sleeping, you woke me up
Muttering in your dream.
In darkness, I could feel your,
Your little body breathe.
And I thought :
You feel just fine to me (3x)

Chorus
Shall we liquefy
Oh you and I
And mingle in the stream ?
Shall we liquefy
Oh you and I
And appear in the ocean's dream ?
Shall we liquefy
Oh you and I
And vanish into the sea ?

Will I always love you ?
I just don't know...
I'll give it a go.
Will you always love me ?
How could you know ?
Just give it a go.

' was at a party.
That's when it came to me,
Oh what a moment...
I was reading a magazine
In someone's bedroom.
And I thought :
You're just so fine to me (3x)

Chorus
Shall we liquefy
Oh you and I
And mingle in the stream ?
Shall we liquefy
Oh you and I
And appear in the ocean's dream ?
Shall we liquefy
Oh you and I

And vanish into the sea ?

Whoah...

You and me...

We liquefy...

You and me,

We liquefy...

Shall we liquefy

Oh you and I

and vanish into the sea ?
