

Modern Log

The Sheila Divine

This new invasion
In conversation
It leaves me waiting
Spoken like a rat
That`s the brilliance of the bureaucrat

You`re tempting me to be
The modern log
You`re tempting me to be
The modern log

With every issue
Break out those tissues
I really miss you
Spoken like a rat
Let`s give praise to the implants

You`re tempting me to be
The modern log
You`re tempting me to be
The modern log
In times of crisis

The modern log
You`re tempting me to be
The modern log
Spoken like a rat
Let`s give praise to the implants

You`re tempting me to be
The modern log
You`re tempting me to be
The modern log
In times of crisis

The modern log
You`re tempting me to be
The modern log
