

# Escapade

The Sherlocks

You spend half your wage before you get paid  
On a brand new dress it for the escapade  
You know there'll be nothing to show  
But a bruise on your arm and a crack on your phone

You can't quite remember how it came  
But next week you'll be doing it all again  
Well next week you'll be doing it all again

Why is everybody so in love  
With the feeling of having a pulse?  
'Cause you can dance all night when the lights start to flicker  
And you know I won't let you go  
'Cause you can dance all night when the lights start to flicker  
And you know I won't let you go

Walking home and it's pretty cold  
And it feels ten times better when you're not alone  
You've had a good night but it's time to go home  
You've had a good night but it's time to go home  
It's happiness you don't remember  
How you came or how long you've been  
It hasn't crossed your mind to tell me when were you gonna leave

Why is everybody so in love  
With the feeling of having a pulse?  
'Cause you can dance all night when the lights start to flicker  
And you know I won't let you go  
'Cause you can dance all night when the lights start to flicker  
And you know I won't let you go

You're not alone, you're not alone  
You're not alone, no, you're not alone  
You're not alone, you're not alone  
You're not alone, no, you're not alone  
You're not alone
