

I don't wanna waste this moment  
But I know that chasing you won't help in any way  
You could be the one to save me  
I've been feeling lost of lately

And I don't know  
Just how far that I can go

Cos we're here and now  
I'm tryna work it out  
Do you still feel the way that I feel and more?  
It's just unclear somehow  
I'm tryna work it out  
Why can't it be the way it used to be before?

I can't hang around forever  
'Better late'' said no one ever  
I keep hearing voices calling  
Help me out cos I keep falling down

And I don't know  
Just how far that I can go

Cos we're here and now  
I'm tryna work it out  
Do you still feel the way that I feel and more?  
It's just unclear somehow  
I'm tryna work it out  
Why can't it be the way it used to be before?

We started losing our way  
Through the clouds  
Ended up in stormy ground  
While the blame lingers round  
Now it all comes crashing down

Cos we're here and now  
I'm tryna work it out  
Do you still feel the way that I feel and more?  
It's just unclear somehow  
I'm still tryna work it out  
Why can't it be the way it used to be before?
