

## The Night

The Sherlocks

I'll cut my ties with the guillotine  
And I'll meet you on the day that never ends  
The one that tries to pretend  
That it's a bit longer than the rest  
But we know best

Go  
Leave me alone  
Go

How many times do we have to say goodbye  
Go walking off into the night  
Because we think that we're both right  
But we're not and whose to blame  
I just hate it when you say

Go  
Leave me alone  
Go

Go  
Leave me alone  
Go
