

Good, Good Time

The Shirelles

Don't talk about love, boy; it's not what I'm thinkin' of, boy
I had love before, yeah; I don't want it no more

I just want a good good time, just show me a good good time
And I'll show you a good good time
And there'll be no heartaches or heartbreak
Oh everything will be fine

I'm gonna be wild and free now, that's how I'm gonna be now
No time to get down, no; I don't wanna be bound

I just want a good good time, just show me a good good time
And I'll show you a good good time
And there'll be no heartaches or heartbreak
Oh everything will be fine

Oh just swing me around and around and around; don't stop danci
ng
Faster and faster and don't stop to talk about love romancin'
Oh I wanna laugh and be gay; it's been so long since I've been
that way
So if there's nothin' to see, boy, then you're not the one for
me, boy
Even though you're fine, yeah, love ain't on my mind

I just want a good good time, just show me a good good time
And I'll show you a good good time
And there'll be no heartaches or heartbreak
Oh everything will be fine

And there'll be no heartaches or heartbreak
Oh everything will be fine
