

# Tonight's The Night

The Shirelles

You said you're gonna meet me  
Tonight's the night  
You said you're gonna kiss me  
Tonight's the night

Well, I don't know  
Said, "I don't know right now"  
I might love you so  
You say you're gonna beg me

Turn the lights down low  
You said you're gonna make me  
Feel all aglow

Well, I don't know  
Well, I don't know right now  
I might love you so  
I might love you so much

You may break my heart  
I may want you so much  
And all my dream been torn apart  
You say you're gonna love me

Tonight's the night  
You say you're gonna hold me  
Tonight's the night, I don't know  
Said, "I don't know right now"

I might love you so  
Let's take a chance  
Gonna be a great romance  
Movin' right now

Gonna be a great romance  
Gonna be a great romance  
Gonna be a great romance
