

## Forever Tonight

The Shires

I got a question about you and me  
In your fairytale, what do you see?  
Does your happy ever after begin with me?

I got a feeling  
And I don't think I'm wrong  
We both know what's going on  
I don't ever doubt it  
Our love  
Can't live without it

So hey, what you doing for the rest of your life?  
'Cause I've been thinking it could be kinda nice  
Waking up in your arms every day  
What do you say?  
Baby, let's start forever tonight

Like a crystal ball  
Looking in your eyes  
I see all my years by your side  
So all I got left then is one question

Hey, what you doing for the rest of your life?  
'Cause I been thinking it could be kinda nice  
Waking up in your arms every day  
What do you say?  
Baby, let's start forever tonight

Forever tonight

Only forever will do  
So I'm asking you

Hey, what you doing for the rest of your life?  
'Cause I been thinking it could be kinda nice  
Waking up in your arms every day  
What do you say?  
Baby, let's start forever tonight

Forever tonight  
Forever tonight
