

# Guilty

The Shires

I've never been accused, being too foot-loose  
But there's something about tonight  
Moving in the first degree, the music caught me  
Red-handed in the neon light

Woah oh, read me my rights, read 'em right now  
Woah oh, put your hands up, it's about to go down

If I've had one too many tonight  
If I'm having too much of a good time  
If I'm telling everybody you're my best friend  
Texting my ex, here I go again  
If my moves are murder on the dancefloor  
Who cares? Baby what you here for?  
If it's a crime to have a good time  
Then I'm guilty  
Then I'm guilty

Never have I said said 'never again's'  
Guess it's about time that they turn into  
'Well why not's? ' and 'one more shots'  
Tomorrow morning when I'm looking at the evidence, I say

Woah oh, read me my rights, read 'em right now  
Woah oh, put your hands up, it's about to go down

If I've had one too many tonight  
If I'm having too much of a good time  
If I'm telling everybody you're my best friend  
Texting my ex, here I go again  
If my moves are murder on the dancefloor  
Who cares? Baby what you here for?  
If it's a crime to have a good time  
Then I'm guilty  
Then I'm guilty

Woah oh, rules are made to be broken  
Woah oh, put me behind a bar tab that's open  
Woah oh, read me my rights, read 'em right now  
Woah oh, put your hands up, it's about to go down

If I've had one too many tonight  
If I'm having too much of a good time  
If I'm telling everybody you're my best friend  
Texting my ex, here I go again  
If my moves are murder on the dancefloor  
Who cares? Baby what you here for?  
If it's a crime to have a good time  
Then I'm guilty, I'm guilty yeah  
Then I'm guilty

Don't you know, don't you know  
Don't you know, don't you know  
Then I'm guilty, yeah  
If it's a crime to have a good time  
Then I'm guilty
