

New Year

The Shires

It's a minute to midnight
New Year's Eve
Dressed up for no one
At the party
I could call you up but
They're starting the countdown
It's way too late
Pour in the champagne
You'd never make it in time
Five, four, three, two, one
Everybody's got someone

Happy New Year, baby
Wherever you are, are you thinking of me?
And I don't wanna feel like this
I don't wanna miss you
Wish you were holding me
Right here
Kissing in the New Year

It's a minute to midnight
Another year gone
That I couldn't tell you
You're the only one
That I'll ever want
Five, four, three, two, one
I wonder if you've got someone

Happy New Year, baby
Wherever you are, are you thinking of me?
And I don't wanna feel like this
I don't wanna miss you
Wish you were holding me
Right here
Kissing in the New Year

What if I leave this bar?
What if I follow my heart?
Straight to where you are

Say Happy New Year, baby
Here I am, were you thinking of me?

Happy New Year, baby
Wherever you are, are you thinking of me?
And I don't wanna feel like this
I don't wanna miss you
Wish you were holding me
Right here
Kissing in the New Year

Maybe next year
We'll be right here
Kissing in the New Year
