

# Tonight

The Shires

It's a brand new day, I can feel it change  
It's like a million lights lied up, spelling out your name  
It's a brand new start, I can feel your heart beat now  
The fire never burned right out, there were always sparks

Now that we're back again, see what we've got  
I know what it is, I know what it's not  
All that we ever had, ain't gone away  
It still remains, it's here

Tonight, tonight  
Been waiting all my life  
For tonight, and it's like  
We never said goodbye  
We don't need anything at all  
Tonight you're mine, and I'm yours

I never stopped believing, it would've been easy to do  
When every star falls out my sky, they still shine for you  
So let's keep on driving on this open road  
We know where it's gone, we know where it goes  
And all that we ever had, ain't gone away  
It still remains, it's here

Tonight, tonight  
Been waiting all my life  
For tonight, and it's like  
We never said goodbye  
We don't need anything at all  
Tonight you're mine, and I'm yours

You're mine, I'm yours [x4]

Tonight, tonight  
Been waiting all my life  
For tonight, ohhh

Tonight, tonight  
Been waiting all my life  
For tonight, and it's like  
We never said goodbye  
We don't need anything at all  
Tonight you're mine, and I'm yours

You're mine, I'm yours [x4]
