The Shivers

**G**

I live off love

**Am**

I feed off love

**Em**

I breathe off love

**G**

I think of love

**Am**

I drink of love

**Em**

I sink in love

**G**

**Am**

**Em**

and in the middle of the night I need my love

**G**

**Am**

**Em**

I need to grieve and need to need and be in love

**C**

my love is gonna come to me

**G**

**Am**

**Em**

tonight

I give my love and all my love to you, my love

I feast on love, a beast for love, release my love

you're scared and unprepared for love, don't care my love

cause you're the only woman i've been dreaming of

**C**

**G G7**

I swear to god i'm loving you for that

I swear to god i'm making you my wife

**Bm**

**C**

and if you ever leave me

I never will be sore

I'll love you 'til you're lonely

**Bm**

**C D**

then I'll love you some more just before

**Am**

ohh..

**G**

**Am**

**Em**

beauty beauty beauty, there's nobody near me,

**C**

there never was

beauty beauty beauty, there's nobody near me,

there never was.
