

# Heaven and Hell

The Silent Comedy

It's like I told you, baby, I am not worth saving  
There ain't no good left to see  
My soul is haunted, and my spirit's fallen  
I have got no blood to bleed  
Only death remains for me  
If you run me round  
I won't last another day

Do you wanna go to heaven  
Do you wanna go to hell  
Do you wanna go to heaven  
Do you wanna go to hell  
If you can't find it baby,  
I could take you there myself  
If you wanna go to heaven,  
Then I gotta go to hell  
So I'm sayin, please don't leave

Is that fire bumin'  
Cause when I heard your sermon  
It seems you want that fire for me  
I know you think you're holy  
But don't you find it lonely  
Livin' on that mountain peak  
Talk is cheap, but shame is free  
If you look around  
And you find you've lost your way

Do you wanna go to heaven  
Do you wanna go to hell  
Do you wanna go to heaven  
Do you wanna go to hell  
If you can't find it baby,  
I could take there myself  
If you wanna go to heaven,  
Then I gotta go to hell  
So I'm sayin, please don't leave

Ooh, you gotta let me down easy  
Ooooh, you know I laid it on the line  
Ooh, you gotta let me down easy  
Cause I'm runnin' out of all of my time

Do you wanna go to heaven  
Do you wanna go to hell

If somebody here's gotta go to heaven,  
Then somebody here's gotta go to hell  
If somebody here's gonna got to heaven,  
Then somebody here's gotta go to hell  
If somebody here wants to take me home,  
Somebody else better leave alone  
If somebody here's gonna go to heaven,  
Somebody here's gonna say pleeeeassee

Do you wanna go to heaven  
Do you wanna go to hell

Do you wanna go to heaven  
Do you wanna go to hell  
If you can't find it baby,  
I could take you there myself  
If you wanna go to heaven,  
Then I gotta go to hell  
I'm not goin' to heaven, I'm not goin to hell  
I'm not going to heaven, I'm not goin' to hell  
We're not goin to heaven, we're not goin' to hell  
We're not goin' to hell
