## The Silent Comedy

You're a stuffed shirt in a town car  
Selling top shelf slicked-back junk bonds  
You're a horse thief with a diploma  
Just a wolf with a sheep skin coat on

You won't get away with this  
You won't get away with this

Hey  
We're coming for you  
Hey  
We're coming

You're a short sell with a long con  
You're a wall safe trying to be a bank vault  
What's the worst thing if you get caught  
Doing time on a country club cell block

You won't get away with this  
You won't get away with this

Hey  
We're coming for you  
Hey  
What's left to lose  
Hey  
We're coming for you  
Hey  
We're coming  
Hey  
It's all over for you  
Hey  
We're coming

You won't get away with this  
You won't get away with this  
You won't get away with this  
You won't get away with this

Hey  
We're coming for you  
Hey  
What's left to lose  
Hey  
We're coming for you  
Hey  
We're coming  
Hey  
It's all over for you  
Hey  
We're coming for you  
Hey  
No matter what you do  
Hey  
We're coming
