Anyone else, in the world, I'd rather have than you,
anyone else in the hole, wide world would do,
somebody who's got a radical mind
over the edge and way out of line
anyone else in the hole wide world would do.

I'm gonna trade you in
yeah, I'm gonna trade you in
you know you to much to take, your completely deranged

I wouldn't take any money, that's a loosing bet,
I trade you in, for anyone I could get,

anything I could get,
anytime I could get it.
anywhere I could get it.

anyone else, in the world, I'd rather have than you
for anyone else, in the whole, wide world would do,
somebody who's be a friend in need,
somebody who would care about me
anyone else in the whole, wide world,
anyone else, in the world, I'd rather have than you.
anyone else in the whole, wide world, would do.
somebody who'd be a friend in need,
somebody who would care about me.
anyone else in the whole, wide world,
anyone else, in the world, I'd rather have than you...
