Scared to Dance

The Skids

Your face in the corner Like some statue of gold I want you to walk home I want you to hold

But I'm scared to dance Said I'm scared to dance Well I'm scared to dance

I've seen you before girl And I've held your wrist But I can't jive girl No I cannot twist

But I'm scared to dance Said I'm scared to dance Well I'm scared to dance

So now I walk behind you And you don't hear Until I'm right beside you Until you bleed (Ha! Ha! Ha!)

But I'm scared to dance Said I'm scared to dance Well I'm scared to dance
