

# Oh My Love

The Skints

As oceans sit between distant lands  
Our cold cold love  
Started no more than lines in the sand  
I sang, I sang such a very sad song  
My love wouldn't do me no wrong  
And now I'm done

Oh my love, why did you call me that  
When you just took my heart and threw it away  
Oh my love, why did you call me that  
When you'd just take my heart and throw it away

Like islands sit alone in the sea  
I'm in the blue  
One more drop could be the last for me  
I sank, I sank and although I'm not found  
One day I'll feel the wind and the sun  
To pull me up

Oh my love, why did you call me that  
When you just took my heart and threw it away  
Oh my love, why would you call me that  
When you'd just take my heart and throw it away

I loved you, loved you, loved you  
But all you ever did do is leave me  
I loved you, loved you, loved you  
But all you ever did do is leave me

Oh my love, why would you call me that  
When you just took my heart and threw it away  
Oh my love, why would you call me that  
When you'd just take my heart and throw it away

Oh my love  
Oh my love  
Oh my love  
Oh my love, my love, my love, my love
