

## Rat-At-At (Dub)

The Skints

I know with a bit of control you could be a little better  
Better yet a better friend to me (me say that)  
I know you could get your life in order  
Hear it knocking on your door with a Ratatat-tat  
I know with a bit of control you could be a little better  
Better yet a better friend to me (me say that)  
I know...

I know that you are no good for me  
One...

I know with a bit of control you could be a little better  
Better yet a better friend to me (me say that)  
I know...

I know that you are no good for me  
One more time and then you'll set me free
