

# No Love

The Slackers

You know, you know, you know  
It's no good to be in love  
You know, you know, you know  
It's no good to be in love

When you're not loved  
When you're not loved  
When you're not loved  
When you're not loved

It always rains  
When you're not loved  
It always pains  
When you're not loved

I can never sleep  
I can only weep  
I can never sleep  
I can only weep  
I can never sleep  
I can only weep  
I can never sleep  
I can only weep

You know, you know, you know  
It's no good to be in love  
You know, you know, you know  
It's no good to be, no good to be in love

It always rains  
When you're not loved  
It always pains  
When you're not loved

I can never sleep  
I can only weep  
I can never sleep  
I can only weep  
I can never sleep  
I can only weep  
I can never sleep  
I can only weep

You know, you know, you know  
It's no good to be in love  
You know, you know, you know  
It's no good to be, no good to be in love  
It's no good to be, no good to be in love

Well the clock says it's time to go...  
Now  
Well the clock says it's time to go...  
Now  
Well I'd really like to stay...  
All night  
Well the clock says it's time to go...  
Now
