

## Anybody Else Inside

The Slow Show

Tired all the time  
Think I'll stay inside  
Back hurts, waiting  
For a break in the weather  
It comes sometimes  
Something inside my mind's  
Heavy, weather

Is anybody else in?  
Is anybody else in?  
Is anybody else in?  
Is anybody else in?

Is anybody else in?  
Is anybody else in?  
Is anybody else in?  
Is anybody else in?

Tired all the time  
(Is anybody else in?)  
Hoping it'll pass by  
(Is anybody else in?)  
Holding out, for a small high  
(Is anybody else in?)  
Is anybody else inside?  
(Is anybody else in?)

This falls apart  
This open heart's  
Not feeling much  
I'm all alone

This falls apart  
This open heart's  
Not feeling much  
I'm all alone

This falls apart  
This open heart's  
Not feeling much  
I'm all alone

Tired all the time  
Hoping it'll pass by  
Holding out, for a small high  
Is anybody else in?  
Is anybody else inside?
