

Builder Boy

The Slow Show

Lookout, boy, it's on the way
I know you're not feeling great
Help will come, it's on the way
I promise there'll be better days
Promise things won't stay this way
Help will come if you can wait

To help you if you want me to
I'll try to
See the best of you
I know what you're going through
I know that it's hurting you again

They expected something new
Something better nothing blue
They expected so much more of you
God knows, they were wrong
Something's broken something's gone
Something's better when it's one

I'll help you if you want me to
I'll try to
See the best of you
I know what you're going through
I know that it's hurting you again

Promise they'll be better days
They'll be on the way
Tell me what to do
Tell me how to reach you
Promise there'll be better days
They'll be on the way
I know what you're going through
I know that it's hurting you again

Promise they'll be better days
They'll be on the way
Tell me what to do
Tell me how to reach you
Promise there'll be better days
They'll be on the way
I know what you're going through
I know that it's hurting you again
