

Don't underestimate me  
Don't try and fool me lady  
'Cause I can't hide  
I lied a thousand times  
And don't try and fool me baby  
I've seen your eyes  
The way they die inside  
I lied a thousand times

Wasted air  
Picture proof I wasn't there  
Wasted air  
I don't remember seeing her  
Wasted air  
Picture proof I wasn't there  
Wasted air  
I don't remember seeing her

There's a bird in a field I watch with Mum  
I'm sorry you feel awful son  
We ran around in circles once for fun  
Blame her, John's gone  
Remember when we used to run?  
I heard about the Munich boy, note to dad  
I'm sorry life can hurt so bad  
But there's a bird in a field I watch with Mum  
We'll miss him when he's gone

Wasted air  
Can't go back there  
Wasted air  
Can't you see her?  
Wasted air  
Can't go back there  
Wasted air  
Can't you see her?

There's a bird in a field I watch with Mum  
I'm sorry you feel awful son  
We ran around in circles once for fun  
Blame her, John's gone  
Remember when we used to run?  
I heard about the Munich boy, note to dad  
I'm sorry life can hurt so bad  
But there's a bird in a field I watch with Mum  
We'll miss him when he's gone

We'll miss him when he's gone  
We'll miss him when he's gone
