

Get A Hold Of My Heart

The Smithereens

Nobody ever moved me
Did the things that you're doing to me
I see you and that's all it takes
For you to make me crazy
I only wanted to touch you baby
And I never meant to stay, I know

I better get a hold of my heart
Before I lose my head, before I go too far
I gotta get a hold of my heart
Before you change my mind and get me down on my knees
I better get out while I can, get a hold of my heart
Get a hold of my heart

Never thought I'd get this deep now
Ooh and I can't get free now
No I just can't find a way
'Cause you love me senseless
Ooh and my heart is helpless
When you're touching me this way, I know

I better get a hold of my heart
Before I lose my head, before I go too far
I gotta get a hold of my heart
Before you change my mind and get me down on my knees
I better get out while I can, get a hold of my heart
Get a hold of my heart

And every time I see you
I see how much I need you
And when you're here beside me baby
I know

And every time I see you
I see how much I need you
And when you're here beside me baby
I know

I better get a hold of my heart
Before I lose my head, before I go too far
I gotta get a hold of my heart
Before you change my mind and get me down on my knees
I better get out while I can, get a hold of my heart

I better get a hold of my heart
Before I lose my head, before I go too far
I gotta get a hold of my heart
Before you change my mind and get me down on my knees

I better get a hold of my heart
Before I lose my head, before I go too far
I gotta get a hold of my heart
Before you change my mind and get me down on my knees
