

## Green Thoughts

The Smithereens

These green thoughts  
Wondering where you've been  
Maybe with my best friend  
Dear God, please stop me thinking these green thoughts

These green thoughts  
Running across my mind  
Wondering what I'll find  
Oh God, please stop me thinking these green thoughts

Green thoughts come around  
Every now and then  
When they bring you down  
Run away while you still can

These green thoughts  
Thinking about you now  
And I am wondering how  
I get myself involved in these green thoughts

Green thoughts come around  
Every now and then  
When they bring you down  
Run away while you still can

These green thoughts  
Wondering what I'll learn  
Baby when I return  
Can't stop myself from thinking these green thoughts

Thinking these green thoughts  
Thinking these green thoughts  
These green thoughts
