

# Miles From Nowhere

The Smithereens

I am lost somewhere I do not know  
This is not the place I meant to go  
And they told me before it was so  
It was miles from nowhere

I was never meant to be alone  
If I make it back I'll stay at home  
Always told me that I should not go  
I'd be miles from nowhere

Miles and miles left to go  
Miles from anything we know

You took your love away from me  
And left me here for all to see  
Never mind the feelings that you're gone  
And I am miles from nowhere

Miles, miles...

Now you tell me that I should not hate  
Just resign myself to such a fate  
If you told me that I was too late  
I was miles from nowhere

Miles and miles left to go  
Miles of sky and road below

You took your love away from me  
And left me here for all to see  
Never mind the feelings that you're gone  
And I am miles from nowhere

Miles, miles...

Miles and miles left to go  
Miles from anything we know

You took your love away from me  
And left me here for all to see  
Never mind the feelings that you're gone  
And I am miles from nowhere

I am lost somewhere I do not know  
This is not the place I meant to go  
And they told me before it was so  
It was miles from nowhere

Miles from nowhere  
Miles from nowhere  
Miles from nowhere

Miles, miles...

Miles from nowhere  
Miles from nowhere  
Miles from nowhere

Miles, miles...
